

Dade Van Der Werf, AIA, LEED AP BD+C

VMDO Architects, Project Manager

Dade joined the VMDO team in 2013 and has nearly twenty years of experience working for prominent architecture firms and institutions of higher education up-and-down the east coast, including UVA's Office of Facilities Planning & Construction. Dade has established himself as a key contributor to the firm's higher education concentration, including, most recently, to VMDO's design of ODU'S Owens House Residence Hall.

Dade's varied experience and deeply involved approach produce creative designs that are well-informed and functionally sound. His careful project management style and extensive experience ensure that projects are delivered on-time and under-budget.

Education

Master of Architecture, Yale University, 1996

Bachelor of Arts in Public Policy, Phi Beta Kappa, Duke University, 1993

Professional Registration

Registered Architect: Virginia, New Jersey, Connecticut

Professional Affiliations

Robert B. Schiesel, P.E.

Director of Planning and Project Manager

Mr. Schiesel possesses over 19 years of experience in transportation engineering and planning experience in both the public and private sectors. Projects he has worked on include multimodal analyses of large mixed-use plans and campuses, analyses of special events including sports arenas, traffic impact studies, parking studies, queuing analysis, traffic simulation, and transportation demand management. Mr. Schiesel has worked for a variety of clients and land uses, including entertainment complexes, universities, churches, small and large commercial facilities, residential developments, government facilities, and mixed-use developments. Mr. Schiesel specializes in considering all modes of transportation, and can bring non-vehicular analysis methodologies to a project, tailoring approach to specific goals unique to each project's context

Robert's project experience includes:
