

Recipient: Forest City Washington, Vornado/Charles E. Smith, Bresler & Reiner, ANC
Commissioners 6D

Letter: Greetings,

The lot at 425 M Street SW has become an important part of the neighborhood. Although you have met with the ANC, the ANC has not adequately represented all interests and concerns in the neighborhood. If truly have the neighborhood best interests at heart, I hope that you'll provide us a spot at the table, and listen to our heartfelt concerns regarding a very popular space in the neighborhood.

I must emphasize just how important I believe it is to have open communal space like we have been enjoying for the past couple of years. It is great that neighbors can socialize or hang out in the space without spending money for planned or unplanned events. This has provided me with an opportunity to deepen my connection with my fellow neighbors. I really dislike the notion that we have to spend money every time we want to be an area like that. Currently, neighbors can enjoy the space without patronizing any business. This is more inviting to more people and already has a track record of being popular. The area has turned into downtown SW because of its great location and accessibility to people of all incomes.

The Food Truck Festival, the Friday Night Markets, the State Fair, the 202 Creates Festival, and the Farmers Markets have been great additions to our neighborhood and it would be a complete shame to have them replaced with a 12 story building. The Duck Pond and Lansburgh Park are great green spaces, but do not have the great location of 425 M St SW and do not have the capacity for the size of the events that have been held there in the past. For this reason, we petition to include the concept of open space and lounging outside without patronizing a business into your plans.

For the sake of this community, and the people who have signed this petition, who feel strongly about their neighborhood, please engage with more than just the ANC, or the housing buildings that filed for joint status.

Signatures
