Hello:

This is a matter of life or death! Please HELP!

I am writing to point out and inform you of a critical concern with regard to the traffic in SW on M St. At peak hours, there have been times when an ambulance or the EMT are not able to drive up or down the street to get to a resident who has called for this emergency assistance. I ask that this be addressed before more apartments are built and additional traffic is added to this now already overly congested area.

This is a matter of life or death for those who need to make the call and get emergency medical services or fire. Please address this issue.

Thank you,
Pamela Collins
