Dear Zoning Commission,

I oppose approval above of the above-referenced case in its current form. My concern is the unworkable traffic conditions along 4th Street just north of M street. I am a resident of the neighborhood and suffer daily from this congestion.

A possible mitigating change would be to have the developer provide a traffic cutout to provide extra room so that busses, such as shuttle busses to the Wharf and river cruise ships, can pull out of the main traffic lanes.

thanks
