Zoning Commission of the District of Columbia 441 4th Street, N.W. Suite 210 Washington, DC 20001
Dear Members of the Commission: On behalf of the Metropolitan Police Department's First District, thank you for allowing our agency to review and provide comments and feedback regarding the application requesting approval of a modification of significance, to an approved consolidated planned unit development and Zoning map amendment for the former Randall Junior High School located at 65 I ST., SW. As the Commander of the First District, there are a few follow ups that I would like to have a better understanding of. While we are excited to see more businesses and residents coming to the First District, there remains a concern regarding available parking for residents and visitors as well as the impact to the flow of traffic in the immediate area. I would also like to additional information on the security plan for the mixed use development and the level of security for the ground floor doors as it appears that this development will have immediate outside access from those ground units. Sincerely, Morgan C. Kane
Commander
