Dear Ms. Bacon:

As you know, the Court Services and Offender Supervision Agency (CSOSA) is responsible for the community supervision of individuals on probation, parole and supervised release in the District of Columbia. Among the challenges faced by the men and women that we supervise are securing and maintaining employment and occupational training.

We understand that ER Bacon Development, LLC is pursuing the Second Stage PUD and First Stage PUD Modification for Phase 2 of the SW Waterfront Redevelopment Project (The Wharf). We further understand that this will allow your firm to continue partnering with CSOSA and the leadership of HMW, the Community Services Agency of the Metropolitan Regional Council AFL-CIO's Building Futures training program, DCHA, the WIC, DOES and various Wharf contractors to maximize opportunities for our clients to secure jobs and apprenticeships at The Wharf. Finally, we understand that the plans proposed for Phase 2 of The Wharf project will lead to the successful completion of the transformation of the SW Waterfront area into a world class waterfront neighborhood. If ER Bacon Development, LLC is successful in its pursuit of this endeavor, CSOSA will be pleased to work with you to ensure that our clients receive all appropriate benefit from this major redevelopment project.

We appreciate the ongoing efforts of ER Bacon Development, LLC to meet the employment and training needs of those we supervise. We look forward to the possibility of expanding the scope of our collaboration in the future.

Sincerely

Cedric R. Hendricks
