Hello,

I am writing to strongly and unequivocally support the plan submitted by Gallaudet University. My family lives at 614 M St NE and have owned the house for 5 years. Our house backs up to Florida Ave and the rear of the house looks directly at the plot for the proposed development. The plans submitted by Gallaudet would be a substantial and clear improvement over the current buildings on the plot. It would improve all aspects of our neighborhood. I cannot imagine why any homeowners in our neighborhood would have any objections to the project.

The Zoning Commission should rapidly approve the proposed plan and expedite all efforts to begin construction.

Thank you,
