re: Support for Time Extension Application Case No. 13-18A

Dear Chairman Hood and Members,

I am writing to express support for this Time Extension Application. I believe that it qualifies for such.

I understand there to be various litigation surrounding this development and trust that those issues will be properly handled by the bodies reviewing them in a fair and timely manner.

My hope is that this and other projects will bring economic benefits to the residents of the area, inclusive of safe and affordable housing, jobs, services, retail choices and improved quality of life for all. This project and others can and should be inclusive for all.

Thank you for your efforts.

Terrance Lynch
