Testimony Of:

Jerome J. Peloquin 717 Lawrence Street, NE Washington, DC 20017

In Re: Office of Zoning Case No. 13-14

Opposition to PUD 13-14 has been overwhelming in testimony before this Commission. Who are the pro development advocates? They are a handful of people who are listed in this strategic document. They are the same people who have testified over and over again. Rashida Brown, Barry Danneker, Cheryl Cort There is 'The Coalition for Smarter Growth,' and who's that? VMP and Jair Lynch? The smallest coalition in the world! Then there is, Create McMillan Park, a fraudulent organization created by a conspiracy between VMP and The City. I have the proof here in my hands ... Their stated purpose is, to quote "... to provide cover for local politicians," and to create community organizations with the resources to support VMP plans. In other words, they intended to subvert the political process. VMP and DMPED actually hired a Baltimore PR firm; The Fontaine Group. This is their strategic planning document ⁱand specific invoices obtained under the FOIAⁱⁱ laws that prove these allegation. Invoices marked 'paid' and with Jeffrey Miller's signature. He lied in open testimony before Councilwoman Bowser's DMPED oversight committee. His integrity has been compromised and he should resign.

It should be clear to all of us who oppose this travesty of social, economic and environmental justice we are being patronized by the city government at all levels of the system. This includes the, so-called free press. Everyone in DC government wants this VMP project. It is the avowed intention of The Zoning Commission, The Office of Planning, and certainly DMPED to make this happen. Every single agency, board, and special agent will turn themselves inside out to find a rationale for approving this theft of public land. It is an organized and spontaneous cabal set in place by money and the expectations of money ... the ANC's, the non profits, the salaried city workers in the agencies and departments ... no one will stand up to the mayor and the VMP's lobbyists. All have been suborned by the fearful combination of money and power and understandably so. They fear for their jobs and they seek the strong inducements that the power elite can provide eg. Job, investment, political advantage and all the other inducements money can provide.

> ZONING COMMISSION District of Columbia CASE NO.13-14 EXHIBIT NO.828A

It does not matter that this project violates almost every facet of the Comprehensive Plan, that it is clearly in violation of the Secretary of the Interior' guidelines, that it has been based upon dishonesty and subterfuge, that they mislead the Office of Zoning on their traffic study, that their paid consultant mislead and misrepresented the condition of the caverns, that Jeffrey Miller actually lied during oversight hearings conducted by Council Woman Bowser denying direct payments made by DMPED to the Fontaine Group.

No one, not one of the organizations tasked with protecting our property will stand against this cabal, this growth conspiracy ... Why because hundreds of millions of dollars are involved. We have only one force in this city that can thwart this conspiracy and that is A Federal Judge.

VMP GRASSROOTS PLAN

GOALS

- Facilitate the passage of all necessary approvals from the Mayors Agent, Zoning Commission and City Council;
- Shift community dialogue and general perception to that of majority local support for VMP plans;
- Provide continuous political cover to local elected officials;
- Nurture and grow deep grassroots support among a wide variety of local stakeholders and residents by strengthening existing and creating new relationships.

STRATEGY

- Mobilize grassroots supporters to communicate with the above listed decision-making bodies and the media;
- (Re) educate residents on elements of VMP plans;
- (Re) energize current supporters and identify/mobilize new supporters;
- Neutralize opposition;
- Engage and leverage the support of third-party validators (thought/faith/institution leaders).

TACTICS

- Develop new messaging that bolsters and contrasts local support vs. special interest opposition, and use multi-layered communication to disseminate messaging;
- Create a community coalition, empowered with the tools to advocate on behalf of VMP plans and to organize local support;
- Create a business coalition, educated on the benefits of McMillan redevelopment and prepared with the tools to advocate on behalf of VMP plans;
- Leverage the support of allied organizations, thought leaders and local institutions as third party validators in the media, with elected officials and community members and collaborate to garner new, diverse support;
- Use regular communication and interaction through social media to inform and engage new audiences and provide a platform for active interaction with local media and elected officials;
- Maintain communication with ANCs, faith based groups/churches, minority groups, local economic/business orgs, non-profits, allied organizations and community leaders through regular electronic updates, occasional meetings, mailings, and/or telephone townhalls and personalized outreach;
- Attend and monitor local community, civic, ANC and opposition events.

MESSAGE

In order to achieve our goal of mobilizing new supporters, reenergizing current supporters and neutralizing/diminishing the impact of opposition, we must employ consistent messaging that:

- Contrasts local resident, business and 3rd party support for VMP with special-interest, non-local opposition;
- Speaks to resident's most pressing concerns about the redevelopment; and
- Allows supporters to visualize the end goal of final approval and creation of this new place.

Key Messages:

- The community wants redevelopment of the McMillan Sand Filtration site and supports VMP plans;
- Friends of McMillan has been hijacked by non-local, special interests and is spreading misinformation to further its agenda;
- The site was never a park. VMP plans are the only viable solution to bring a world-class, large park to the community;
- HPRB's recommendation that VMP move forward in the approval process is significant and sets the stage for plans to move through the final approval process.

Themes

We will name the local coalition and brand local support with themes that highlight these key messages:

- Coalition: Neighbors of McMillan (as opposed to Friends of McMillan)
- Signs & rally call: Create McMillan Park (as opposed to Save McMillan Park)

We envision slightly different messaging priorities for certain stakeholder groups:

TO Neighbors of McMillan (messaging used to energize the coalition)

- The community needs a voice that truly represents its best interests;
- With movement through the HPRB, we now have a clear path to final approvals;
- There is a plan of action in place and your commitment to/support of this plan will carry this over the finish line;
- The local community should decide what happens to McMillan, not outside special interest groups;
- A small minority is currently misrepresenting the views of the larger community.

FROM Neighbors of McMillan (messaging used by the coalition to energize local support, impact public opinion and influence decision-makers)

- People who live adjacent or very close to the site need a voice that truly represents us;
- Our voice is currently being hijacked by people who live outside the community or outside DC with a special interest agendas that has nothing to do with specific benefit to this community;
- •

- We are invested in the community and are interested in concepts/ideas that will add value to our community;
- We care about the long-term viability, sustainability and benefit of and to our community;
- We are not concerned with single-issue agendas we are looking at the bigger picture;
- We must *create* a park and a special place where neither currently exists.

McMillan Business Coalition

• Economic benefit of redevelopment – new traffic, activity, shopping destination, new residents and daily employees

Public Health

• Benefit of walkable communities to promote healthy lifestyles

Eds & Meds

- Creating a more desirable location for current and potential staff/students
- Local investment and economic opportunity
