Dear Mr. Newaldass:

Enclosed is your copy of the signed First Source Employment Agreement between the D.C. Department of Employment Services (DOES) and Vision McMillan Partners, LLC. Please note that the enclosed First Source Agreement reflects legislative changes to the First Source Program which took effect on February 24, 2012. Under the terms of the Agreement, you are required to use DOES as the first source to fill all new jobs created as a result of Project: McMillan Redevelopment. The new provisions still require that 51% of all new hires be District residents on government contracts between \$300,000 and \$5 million. In addition, each construction project receiving government assistance totaling \$5 million or more is required to have the following percentage of hours worked by DC residents on those projects; 20% of journey worker hours; 60% of apprentice hours; 51% of skilled laborer hours; 70% of common laborer hours. Further, District residents registered in programs approved by the District of Columbia Apprenticeship Council shall work 35% of all apprenticeship hours worked in connection with the Project or 60% where applicable.

You should post your job vacancies to the Department of Employment Services' Virtual One-Stop (VOS) at www.dcnetworks.org. Please contact DeCarlo Washington at (202) 698-5772 to receive assistance with identifying qualified District residents for placement.

The First Source Program has implemented an electronic compliance database which will provide a more efficient way for employers to enter and track their monthly First Source data. If you have any questions regarding the Monthly Compliance Reporting Database, please contact DeCarlo Washington at (202) 698-5772.

Sincerely,

Drew Hubbard

Subject: First Source Employment Agreement for the McMillan
Redevelopment
From: Vision McMillan Partners

In conjunction with the upcoming LDA and Surplus/Disposition hearings for the redevelopment of the former McMillan Sand Filtration property, Vision McMillan Partners ("VMP"), the developer of the McMillan project, has been asked to enter into a First Source Agreement with respect to the private developments that will be constructed on the portions of McMillan which will be sold by the District to VMP.

Prior to selling land parcels to VMP, the District will entitle the property and complete certain land development and infrastructure work, after which it will sell the land in question to VMP at fair market value. The highly complex and lengthy entitlements process required for McMillan, which includes the Historic Preservation Review Board, Mayor's Agent, and Zoning Commission, has not yet been completed. Similarly, the building design and permitting process, which will begin subsequent to the completion of the entitlements process, has not yet commenced and thus, construction activity at McMillan is not anticipated to commence until 2015.

Given the significant amount of time still remaining before construction start, much of the specific information regarding the contracting and construction of the private developments which will be subject to the executed First Source Agreement is not currently available. Upon selecting general contractors and finalizing the construction plans for each anticipated development, VMP will have its contractors enter into a First Source Agreement (identical to the form of First Source Agreement executed by VMP) which includes specific contract amounts and employment plans for each respective vertical development project.

FIRST SOURCE AGREEMENT

Exhibit A – Construction Employment Plan

June 2014

VMP is fully committed to meeting its requirements under its executed First Source Agreement (the "**Agreement**"), and to work collaboratively with our partners in the neighborhoods surrounding McMillan, ANC5E, and workforce development partners like the Community Foundation of the National Capitol Region (the "**Foundation**"), to maximize job opportunities for District residents, especially for Ward 5 residents. Further, we are committed to working with the Foundation in partnership with our general contractors and DOES on a pre-apprenticeship program.

Finally, we have committed \$750,000 toward the establishment of a workforce fund, to be managed by the Foundation, which will organize and distribute grants and awards to local workforce development and social service organizations to connect DC residents seeking jobs at McMillan with the training, job preparation, and workforce readiness skills necessary to maximize their job opportunities. These efforts will be undertaken for both the construction jobs generated by McMillan and for the permanent positions within the retail and healthcare arenas generated by the tenants that will locate at McMillan. As a part of this process, the Foundation will establish an Advisory Board made up of local community stakeholders, workforce development organizations, and representatives from VMP and the tenant community that will provide input and approve grants awarded by the fund.

VMP executed an Agreement with DOES on November 4, 2013. The Employment Plan form found on page 11 will be completed promptly following the selection of VMP's general contractors.

Outlined below are several ways in which these general contractors can work to meet VMP's goals as outlined in the Agreement. In selecting general contractors, VMP will assure that the selected firms are committed to the hiring of District residents as required by the Agreement and will endeavor to implement the following:

- Opportunity Fairs
 - Provide space within one of the buildings built at McMillan or rent out space within Ward 5 where District residents will be invited to learn about the employment opportunities available during the construction phase of development.
 - Introduce District residents to the general contractors and subcontractors who will be working on the project.
- Opportunities Posted to the DOES Website
 - Each subcontractor to the general contractor will report on a weekly basis the quantity and description of employment opportunities which will be compiled by the general contractor and submitted to DOES to be posted on their website.
- Hiring Trailer
 - The general contractors will set up a hiring trailer on site at McMillan where area residents can apply for open positions.

- A hotline will be set up where District residents can call and learn about available positions, locations of the available positions, and where they need to go to submit an application.
- Pre-Apprenticeship Program
 - The general contractors and their subcontractors will work with VMP on a proposed pre-apprenticeship program that the Foundation intends to implement in conjunction with the DC Workforce Intermediary Program, proposed to result in entry-level jobs and opportunities for apprenticeship and career path options.
- District Business Opportunities
 - The general contractors will implement a training program designed to teach smaller District construction firms about core construction and business skills.
