**Authorization for Representation :: DC Zoning Commission Case No. 13-14**

The following signatures, and any attached emails and fax attestations or other affidavits, represent authorization by participating members of The McMillan Coalition for Sustainable Agriculture to ensure that our individual concrete interests regarding Zoning Commission Case No. 13-14, and the Planned Unit Development proposal at McMillan Park, are presented to the Zoning Commission by and through the The McMillan Coalition for Sustainable Agriculture citizens group, and specifically by Mr. Jerome Peloquin and his organized presentation team.

**Authorized Agent:** Jerome Peloquin, 717 Lawrence Street, NE, WDC 20017, 410-227-0498

Participatory authorization was received per the purposes and official operating procedures of The McMillan Coalition for Sustainable Agriculture through regular in-person meetings, including the most recent one held Saturday, April 26, 2014, as well as subsequent face-to-face affirmative discussions, and by phone and email. The McMillan Coalition for Sustainable Agriculture was able to review the final reports regarding the McMillan PUD proposal published only recently by the DC Office of Planning (OP) – which is the Mayor's lead municipal planning agency tasked with coordinating District review of major civic projects. It was after review of these new OP reports that The McMillan Coalition for Sustainable Agriculture has found serious need to protect our unique and specific interests differing from other parties in this matter, and thus we seek party status to ZC Case NO. 13-14.

As such, The McMillan Coalition for Sustainable Agriculture authorizes and expect Mr. Peloquin to represent our party status and engage in all ZC Case No. 13-14 processes, filings, and hearings and any appeals that may follow.
