

Dear DC Zoning Commission,

We the members of Brookland Manor Apartments and the surrounding neighborhood and community of Brentwood Village, ask that you approve **case number 14-18** for a better and safer community, much needed jobs, better housing, and retail options.

North East DC and especially Brentwood have been left out of development projects for too long. We deserve the same economy boosting development the rest of the city has had for so long. Look around DC, the most successful neighborhoods in dc have mixed incomes and a mix of uses and we ALL benefit from that diversity of incomes and uses. Redeveloping will allow us a chance to lift ourselves out of poverty.

Brookland Manor has had a concentration of low incomes for too long and it has served to isolate it from the rest of the surrounding neighborhoods. If the property was to be integrated economically with a mix of incomes, then there would be more opportunity for its residents and the property could be incorporated into the fabric of the neighborhood and would create a resource for the broader community.

The city is changing all around Brookland Manor and we have an historic opportunity to create a special place that will reflect the diversity that already exists in the Brentwood, Woodridge, Langdon, and Brookland neighborhoods. I urge the Zoning Commission to approve the Stage One Zoning Application so that we can get move forward and let the property's promise be realized.

Sincerely,
Amaya

We the members of Brookland Manor Apartments and the surrounding neighborhood and community of Brentwood, ask that you approve case number 14-18 for a better and safer community, much needed jobs, and retail options North East DC and especially Brentwood have been neglected for too long We deserve the same economy boosting development the rest of the city has had for far too long
