

2/22/17

To: Whom it May Concerned. My name is Brenda L. Thomas I have resided at Brookland Manor's apts for 28 years I understand that they would like to remodel their property and I am for that I do believe that it would be nice for the neighborhood to have a change. but I also believe that there should be affordable housing for us that can't afford to pay market rent. you have to understand that you have people on this property that go to work everyday like me and still can't afford any market rent I love being able to work and come home knowing that I can afford to be here. Notice I said home because to some of us Brookland Manor's is all we know as home.
