Re: Z.C. Case No. 15-13 – Revised Circulation Plan

Dear Chairman Hood and Members of the Commission:

In response to the revised plans for the proposed project, the circulation plan for the site changed. In particular, the pedestrian circulation improved so that pedestrians will be able to enter the Project site directly from E Street rather than having to traverse the alley. The updated and revised circulation plan is attached.

Should you or your staff have any questions, please do not hesitate to contact us.

Sincerely,

John Epting

Cary Kadlecek
