The property that is the subject of this application consists of Lots 7, 813, and 814 in Square 3629, which is located in northeast Washington, D.C. The site is currently improved with a strip shopping center comprised of one-story retail shops and a surface parking lot. The Applicant proposes to develop in six phases, approximately 1,550 residential units and 245,000 square feet of retail space. The total density of the project will be 3.61 floor area ratio (“FAR”) and the maximum building heights will be 90 feet.
