The Zoning Commission of the District of Columbia has taken a proposed action to approve a Consolidated Planned Unit Development (PUD) and related map amendment, from C-M-1 to C-3-C, for Lot 803 in Square 772N, in Northeast Washington, DC.

The site is a triangular lot bound by Florida Avenue, NE to the northeast, N Street, NE to the south, and 3<sup>rd</sup> Street, NE to the west. There is one existing building on the site, which will be demolished for a new mixed-use building that will include ground floor retail and 8 stories of residential units. The project will have approximately 66,010 square feet of gross floor area (7.57 floor area ratio) and a height of 101 feet. Approximately 61,173 square feet of gross floor area will be devoted to residential use and approximately 4,837 square feet of gross floor area will be devoted to retail use. The entrance for the residences will be located on Florida Avenue. The project does not propose any off-street parking spaces or an on-site loading facility.

There are no federal properties adjacent to the development site with the potential to be affected by the proposed development, and the proposed development is not inconsistent with the Federal Elements of the Comprehensive Plan for the National Capital. A few blocks to the west of the PUD site, at the intersection of New York Avenue, NE and Florida Avenue, NE is the headquarters of the Bureau of Alcohol, Tobacco, Firearms and Explosives. There will be no impact on this federal property as a result of the project. The Consolidated PUD would be built at a height of 101 feet, with one 16-foot tall penthouse. Based on Florida Avenue's 100-foot right-of-way, the proposed project is consistent with the Height of Buildings Act as the new building would be below the 120-foot maximum allowable height.
