Re: ZC Case No. 16-02 – D.C. United Stadium

Dear Members of the Commission:

As a business owner in the Buzzard Point neighborhood, I write to express our support for the proposed new soccer stadium for the D.C. United.

I believe that the stadium will have a transformative effect on the neighborhood that will facilitate new development nearby. The stadium will bring new attention to a neighborhood that has long been the domain of low-scale industrial uses. Because of the stadium, the neighborhood will have the opportunity to redevelop into a truly urban mixed-use environment as envisioned by the city and many property owners, like me. The stadium will anchor all of this, so its approval is critical.

I find the design of the stadium to be contemporary and appropriate for the context of the neighborhood. The architecture and the materials are high quality. Ultimately, it will be an iconic building that will be an asset to the District.

I urge the Commission to approve this project.

Sincerely,
