

Zoning Commission Case 16-11  
November 29, 2016  
Testimony of Alice McPhatter

---

Good Evening Zoning Commission,

My name is Alice McPhatter. I have been a resident at 620 Park Road, NW, #21 for 27 years.

Thank you for this opportunity to speak on the redevelopment of Park Morton.

This redevelopment is long overdue for residents of Park Morton apartments. We have been very active in the community and on the property with improving job skills, housekeeping rehabilitation, health care, child care, Sunday school, etc. we have put a lot of time and prayer into getting ready for the redevelopment.

Park Morton has been a rock in providing many opportunities for some of my family members.

What do I want? I want the redevelopment to come soon and all residents to be placed accordingly.
