DC Zoning Commission:

I oppose replacing Bruce Monroe Community Park with a 9-story-plus-penthouse tower.
(Case 16-11)

The city's new Comprehensive Plan requires a thorough impact assessment -- ensuring that negative impacts on neighborhoods, transportation, environmental quality, and other issues are assessed and adequately mitigated. The DC Appeals court made clear this was not thoroughly done.

As a physician I'd like to focus on the impact of added traffic and parking on the transit time of ambulances to the children's hospital. Transit to hospital can be lifesaving and must be adequately accessed.

Sincerely,

Mekela Whyte-Nesfield MD
