Mr. Anthony Hood, Chairman
District of Columbia Zoning Commission
441 4th Street NW
Suite 210S
Washington, DC 20001

Dear Mr. Hood:

It has been sometime now that Valor Development, LLC, Square 1499, Lots 802, 803, 806, 807 has been dangling before our community. The unified position of opposition to this high density, many story invasion of our residential neighborhood has been expressed in a multitude of ways, at meetings, in writing, in yellow lawn signs that dot our neighborhood like so many dandelions. and yet, in spite of this, Valor persists in trying to degrade our neighborhood, diminish homeowner equity value built up over years of neighborhood building in their quest for profit even though they all live somewhere else.

Just to clarify for example.

Valor CEO Joe Bous: Davenport St NW Washington, DC 20008, lovely house nestled in RockCreek park, far away from traffic and no need for parking on the street.

We fully expect our local DC government team to support local neighborhoods and to respect the will of its many members and not succumb to the brazen greed of outsiders. There are few supporters of this plan in the neighborhood! And there are multiple homeowners whose life savings and equity value depends on your sense of fairness and respect for our neighbors and neighborhood.

With best wishes for the holiday season,

Huma Malik
Home directly in front of building site.
