

I am an ANC Commissioner in ANC 1D, which comprises the neighborhood of Mount Pleasant, and presently serve as chair of the Commission.

Our commercial district runs along Mount Pleasant Street, which is zoned MU-4.

My limited comment in this particular case is that the MU-4 zone in Mount Pleasant serves us well. Regardless of the other matters related to this case and the motivation for this case, suddenly applying the new MU-4A zone to Mount Pleasant would be inappropriate and undesirable.

Best regards,

Jon Stewart
