

**PETITION TO SUPPORT MAP AMENDMENT TO RE-ZONE
SQUARE 5790, LOTS 32,35, 39, 40, 818 AND 819
(2301-2345 Martin Luther, King, Jr. Ave, SE)**

Masjid Muhammad, a faith-based organization that has been in Anacostia for more than 50 years, has applied to the D.C. Zoning Commission for a Map Amendment to rezone the 2300 block of MLK, which would change the zoning from MU-4 to MU-5A.

MU-4 is inconsistent with the District's Comprehensive Plan, which designates the portion of the Martin Luther King Jr. Avenue, SE corridor for mixed use – medium density commercial and medium density residential development.

For five decades, the Masjid has owned and operated properties at 2313-2323 Martin Luther King, Jr. Blvd and has used these properties for community purposes, including a bakery, school, museum, to feed the hungry and other purposes.

The Masjid has decided to redevelop these properties into a new community-serving asset (The Clara on Martin Luther King, named after Clara Muhammad, who opened over 75 k-12th grade schools across the country, including on MLK) which will include neighborhood serving retail space, a redeveloped America's Islamic Heritage Museum and approximately 70-80 apartments.

The Clara will create 40 new construction jobs and 40 new permanent jobs for Ward 8/DC residents, provide real estate development, construction and design internships for Ward 8 youth, provide \$7MM in contracts to Ward 8 and CBE firms, totaling more than \$11MM in community benefits.

We, the undersigned residents of Anacostia/Ward 8 support the Zoning Map Amendment filed by Masjid Muhammad, Inc. to re-zone its properties from MU-4 to MU-5A.

PETITION TO SUPPORT MAP AMENDMENT

RE-ZONE SQUARE 5790, LOTS 32, 35, 39, 40, 818 AND 819 (2301-2345 Martin Luther, King, Jr. Ave, SE)

Masjid Muhammad, a faith-based organization that has been in Anacostia for more than 50 years, has applied to the D.C. Zoning Commission for a Map Amendment to rezone the 2300 block of MLK, which would change the zoning from MU-4 to MU-5A.

MU-4 is inconsistent with the District's Comprehensive Plan, which designates the portion of the Martin Luther King Jr. Ave, SE corridor for mixed use – medium density commercial and medium density residential development.

For five decades, the Masjid has owned and operated properties at 2313-2323 Martin Luther King, Jr. Ave and has used these properties for community purposes, including a bakery, school, museum, to feed the hungry and other purposes.

The Masjid has decided to redevelop these properties into a new community-serving asset, which will include neighborhood serving retail space, a redeveloped America's Islamic Heritage Museum and approximately 70-80 apartments. The project, which we are calling "The Clara on MLK" after Clara Muhammad, whom a school was named after her on the same site, will create 40 new construction jobs and 40 new permanent jobs for Ward 8/DC residents, provide real estate development, construction and design internships for Ward 8 youth, provide \$7MM in contracts to Ward 8 and CBE firms, totaling more than \$11MM in community benefits.

We, the undersigned residents of Anacostia/Ward 8 support the Zoning Map Amendment filed by Masjid Muhammad to rezone its properties from MU-4 to MU-5A.

PETITION TO SUPPORT MAP AMENDMENT
RE-ZONE SQUARE 5790, LOTS 32, 35, 39, 40, 818 AND 819 (2301-2345 Martin Luther, King, Jr. Ave, SE)

Masjid Muhammad, a faith-based organization that has been in Anacostia for more than 50 years, has applied to the D.C. Zoning Commission for a Map Amendment to rezone the 2300 block of MLK, which would change the zoning from MU-4 to MU-5A.

MU-4 is inconsistent with the District's Comprehensive Plan, which designates the portion of the Martin Luther King Jr. Ave, SE corridor for mixed use – medium density commercial and medium density residential development.

For five decades, the Masjid has owned and operated properties at 2313-2323 Martin Luther King, Jr. Ave and has used these properties for community purposes, including a bakery, school, museum, to feed the hungry and other purposes.

The Masjid has decided to redevelop these properties into a new community-serving asset, which will include neighborhood serving retail space, a redeveloped America's Islamic Heritage Museum and approximately 70-80 apartments. The project, which we are calling "The Clara on MLK" after Clara Muhammad, whom a school was named after her on the same site, will create 40 new construction jobs and 40 new permanent jobs for Ward 8/DC residents, provide real estate development, construction and design internships for Ward 8 youth, provide \$7MM in contracts to Ward 8 and CBE firms, totaling more than \$11MM in community benefits.

We, the undersigned residents of Anacostia/Ward 8 support the Zoning Map Amendment filed by Masjid Muhammad to rezone its properties from MU-4 to MU-5A.
