FOR THE PURPOSE OF CONSIDERING THE FOLLOWING:

**CASE NO. 19-19 (Terrace Manor Redevelopment LP – Consolidated Review and Approval
of Planned Unit Development @ Square 5894, Lot 63 [3301 23rd Street, S.E.]**

THIS CASE IS OF INTEREST TO ANC 8E and ANC 8E03

Terrace Manor Redevelopment LP (the “Applicant”) filed an application (the “Application”) on September 26, 2019, pursuant to Title 11 of the District of Columbia Municipal Regulations (Zoning Regulations of 2016, the “Zoning Regulations,” to which all references are made unless otherwise specified) requesting that the Zoning Commission for the District of Columbia (the “Commission”) approval of a consolidated planned unit development (“PUD”) for Lot 28 in Square 5894, with an address of 3301 23rd Street, S.E (the “Property”).

The Property, including approximately 100,265 square feet of land area, is located at the northwest corner of Savannah and 23rd Streets, S.E. in the RA-1 zone. The Property is currently improved with a vacant apartment complex consisting of 12 garden apartment buildings with a total of 61 dwelling units. The RA-1 zone

The General Policy Map of the Comprehensive Plan (the “CP”) designates the Property in a Neighborhood Conservation Area, which applies to primarily residential neighborhoods with very little vacant or underutilized land. New development should be designed to be compatible with the existing scale and architectural character with density guided by the CP’s Future Land Use Map (the “FLUM”). The FLUM designates the Property for Moderate Density Residential, which applies to neighborhoods with rowhouse, low-rise garden apartment complexes, and a mix of single-family houses, and 2-4 unit buildings. The CP specifically identifies the current RA-1 zone as appropriate for the Moderate Density Residential designation.

The Application proposes to demolish the existing buildings and redevelop the property with a single four (4)-story apartment building of approximately 127,400 square feet of gross Floor area with approximately 130 dwelling units and approximately 52 parking spaces. The proposed building will have a floor area ratio (“FAR”) of approximately 1.29 FAR, a height of approximately 47 feet, seven (7) inches, and a lot occupancy of approximately 31.6%. The Application does not request any development flexibility beyond the greater height and density allowed for a PUD – specifically 60 feet/4 stories of height compared to the 40 feet/3 stories allowed in the RA-1 zone; and 1.296 FAR for Inclusionary Zoning (“IZ”) developments compared

to the 0.9 FAR maximum (1.08 for IZ developments). The Application proposes several public benefits, including the goal of achieving LEED Gold, doubling the number of housing units, and making all units affordable for households earning no more than 60% of the Median Family Income for the 40-year period of the Low-Income Housing Tax Credit financing, after which point the building will be subject to the IZ requirements.

The Applicant submitted a supplemental statement and materials in support of the application on December 17, 2019.

The Office of Planning filed a January 31, 2020, report (the “OP Setdown Report”) in support of setting down the Application for a public hearing. The OP Setdown Report concluded that the Application is not inconsistent with the CP and that the proposed public benefits are commensurate with the relatively small additional density and height requested as development incentives.

The Commission voted to setdown the Application for a public hearing on February 10, 2020.

This virtual public hearing will be conducted in accordance with the contested case provisions Subtitle Z, Chapter 4 of the Zoning Regulations (Title 11, Zoning Regulations of 2016, of the District of Columbia Municipal Regulations), which includes the text provided in the Notice of Emergency and Proposed Rulemaking adopted by the Zoning Commission on May 11, 2020, in Z.C. Case No. 20-11.
