Zoning Commission

Washington, DC 20001

Chairman Hood & Commissioners:

Please note the following two revisions (technical corrections) to our petition:

- Lots 127 to 132, 138 to 142, and 166 to 170 in Square 4507 are currently zoned RA-2 (not MU-4 as filed in the initial petition). The proposed MU-5A zone remains the same as in the initial petition.
- Lots 88 and 89 in square 4506 are currently split-zoned RA-2/MU-4 (not RA-2 as filed in the initial petition). The proposed RF-4 zone remains the same as in the initial petition.

Respectfully,

Commissioner A. Sydelle Moore, 5D05
Vice-Chairperson, Advisory Neighborhood Commission 5D
