EP Certification

We declare that, to the best of our professional knowledge and belief, we meet the definition of Environmental Professional as defined in §312.10 of 40 CFR § 312.

We have the specific qualifications based on education, training, and experience to assess a property of the nature, history, and setting of the subject site. We have developed and performed the all appropriate inquiries in conformance with the standards and practices set forth in 40 CFR Part 312.

Brandon J. Colunga
Senior Project Environmental Scientist

1.0 EXECUTIVE SUMMARY

This report presents the results of a Phase I Environmental Site Assessment (ESA) performed by DMY Capitol, LLC (DMY) of the 16th Street Heights Proposed Apartment Building property located at 4618 14th Street NW in Washington, DC 20011 (the site). This Phase I ESA was conducted in general conformance with the *Standard Practice for Environmental Site Assessments: Phase I Environmental Site Assessment Process*, hereafter referred to as the ASTM Standard Practice, as defined by the *American Society for Testing and Materials (ASTM), Designation E1527-13*. Any exceptions to, or deletions from, this practice are described in Section 10.0 of this report.

The following Executive Summary is an integral part of this Phase I ESA report and may not be removed or distributed separately. Important information regarding the status of the subject site is included elsewhere in this report and is not presented in this Executive Summary. Any individual copies of the Executive Summary without the ESA report, or copies of the ESA report without the Executive Summary, should not be considered valid and should not be relied upon for any decisions or conclusions regarding the subject site.

The approximate 0.58-acre site (Square: 2704; Suffix: 0000; Lot: 0064) is centrally along the western boundary of Prince George's County, Maryland (Latitude N 38.9466380 / Longitude W -77.0333940). The physical address is 4618 14th Street NW, Washington, DC 20011. The site consists of two-unit structure totaling an estimated 26,000 square feet. The lower unit which is an estimate 18,000 square feet is occupied by Jerusalem Furniture, a furniture retail store. The upper unit which is an estimated 8,000-square feet is occupied by The Dance Loft on 14, a dance studio. The site is serviced via municipal water and sanitary sewer. DMY conducted the site reconnaissance on March 1, 2021.

No evidence of current or historical underground storage tanks (USTs) or aboveground storage tanks (ASTs) were observed during the site reconnaissance; however, according to the EDR Radius Map Report, the site was identified as a DC UST property with a single 2,000-gallon gasoline UST that is permanently out of use. Historical resources available during this assessment include available city directories dated from 1922 to 2017, aerial photographs dated from 1957 to 2015, and Sanborn fire insurance maps dated from 1916 to 1998.

Property Type/Use:	Furniture store and dance studio.
Date First Developed:	Circa 1923.
Total Acreage:	Approximately 0.58 acres.
Property ID:	Square: 2704; Suffix: 0000; Lot: 0064.

1.1 Findings and Opinions

Based on the information gathered and reviewed from the state and federal regulatory databases, historical sources, and our site visit and area reconnaissance; it is our professional opinion that no recognized environmental conditions (RECs), controlled recognized environmental conditions (CRECs), historical recognized environmental conditions (HRECs), or *de minimis* conditions, exist at the site at this time; however, two business environmental risks (BERs) were identified. The following table summarizes the findings.

Environmental Report Summary

Report Section	Report Section Name	NFA	<i>De Minimis</i>	BER	REC	CREC	HREC
2.2	Environmental Liens and Activity/Use Limitations	✓					
3.2	Historically Significant or Environmental Findings	✓					
4.0	Federal, State, Local & Tribal Database Listings			✓			
5.0	Local Agency Records	✓					
6.2	Site Operations, Processes, and Equipment	✓					
6.3	Aboveground Chemical or Waste Storage	✓					
6.4	Underground Chemical or Waste Storage, Drainage or Collection Systems	✓					
6.5	Electrical Transformers / PCBs	✓					
6.6	Releases or Potential Releases	✓					
6.7	Other Notable Site Features	✓					
7.0	Interviews	✓					
8.0	Off-site Reconnaissance			✓			
10.8	Data Gaps	✓					

NFA – No Further Action recommended.

The results of the Phase I ESA have identified the following environmental items:

Recognized Environmental Conditions (RECs)

- There were no RECs identified at the subject site.

Controlled Recognized Environmental Conditions (CRECs)

- There were no CRECs identified at the subject site.

Historical Recognized Environmental Conditions (HRECs)

- There were no HRECs identified at the subject site.

De minimis Conditions

- There were no *de minimis* conditions identified at the subject site.

Business Environmental Risks (BERs)

- **Sections 4.0 – Records Review**

According to the EDR Radius Map Report, the site address of 4th Street NW was identified on the DC UST database. The site was listed as C&P Telephone Company and identified the site as having a single registered 2,000-gallon gasoline UST that is permanently out of use. The site was not identified as having any associated LUST cases or any associated release. No other environmentally significant information was provided. The presence of this historical UST at site is considered a BER.

- **Sections 4.0 & 8.0 – Records Review & Off-Site Reconnaissance**

According to the EDR Radius Map Report, three (3) surrounding properties were identified as potential environmental concerns. The first surrounding property of potential environmental concern is the eastern adjoining parcel addressed as 4615 14th Street NW. This address was identified as the WMATA Northern Garage on the DC UST and DC LUST databases. According to the *EDR Radius Map Report*, this address was reported as having eight (8) USTs which include three (3) 20,000-gallon diesel USTs that are currently in use, an 8,000-gallon hazardous substance UST that is currently in use, a 4,000-gallon hazardous substance UST that is permanently out of use, two (2) 4,000-gallon waste/used oil USTs that are permanently out of use, and a 6,000-gallon diesel UST that is currently in use. This facility was listed on the LUST database as having an associated reported release, which was issued LUST #89018. The release reported on February 3, 1989, involved the contamination of soil and groundwater with gasoline, diesel, and/or waste oil, and has been issued an inactive or closed status. No other environmentally significant information is provided. The second surrounding property of potential concern is the eastern adjoining parcel addressed as 4614 14th Street NW. This address was identified as C. H. Kay Realty, Inc. on the DC UST database. According to the *EDR Radius Map Report*, this address was reported as have a single as having a single 4,000-gallon gasoline UST that is permanently out of use. This facility was not

identified as a DC LUST property with an associated release reported. The third surrounding property of potential concern is the southeastern neighboring parcel addressed as 1350 Buchanan Street NW. This address was identified as Verizon Global EH&S Compliance on the DC LUST database. The listing for this property referenced two (2) cases, which were issued LUST #90025 and #2015001. The first case was reported on December 29, 1989, involved the contamination of soil with waste oil, and has been issued an inactive or closed status. The second case was reported on September 3, 2014, involved the contamination of soil with gasoline and heating oil, and has been issued an inactive or closed status. No other environmentally significant information is provided. The presence of this surrounding DC UST and DC LUST facilities is considered a BER.

1.2 Conclusions

DMY has performed this Phase I ESA in general conformance with the scope and limitations of ASTM Practice E1527-13 for 16th Street Heights Proposed Apartment Building located in Washington, DC 20011. Any exceptions to, or deletions from, this practice are described in Section 11.0 of this report. The findings of this Phase I ESA did not identify any RECs, CRECs, HRECs, or *de minimis* conditions; however, two BERs were identified.

2.0 SUBJECT SITE DESCRIPTION

2.1 Location and Legal Description

The approximate 0.58-acre site (Square: 2704; Suffix: 0000; Lot: 0064) is centrally along the western boundary of Prince George’s County, Maryland (Latitude N 38.9466380 / Longitude W -77.0333940). The physical address is 4618 14th Street NW, Washington, DC 20011. The site consists of two-unit structure totaling an estimated 26,000 square feet. The lower unit, which is an estimate 18,000 square feet, is occupied by Jerusalem Furniture, a furniture retail store. The upper unit which is an estimated 8,000-square feet is occupied by The Dance Loft on 14, a dance studio. The site is serviced via municipal water and sanitary sewer. Photographs of current site conditions, as observed during the site reconnaissance, are presented in **Appendix A**. A Site Vicinity Topographic Map, Site Aerial Photograph, and Tax Map are included in **Appendix B**.

2.2 Environmental Liens and Activity/Use Limitations

The User did not provide DMY with any information regarding environmental liens or activity/use limitations for the site.

2.3 Physical Setting

Topography	
Site Elevation	Approximately 200 feet above Mean Sea Level (MSL) as referenced in the EDR Radius Map™ Report with GeoCheck® (Appendix E).
Topographic Slope/ Surface Runoff	The generally topography gently slopes to the southeast according to the EDR Radius Map™ Report with GeoCheck® (Appendix E). Storm water runoff flows via sheet flow in the same general direction as the immediate topography.

Geology/Hydrogeology	
Description	According to the Geologic Map of Maryland dated 1968, the site is located within the Wissahickon Formation – Boulder Gneiss. More specifically, the Wissahickon Formation – Boulder Gneiss p consists of thick-bedded to massive, pebble- and boulder-bearing arenaceous to polytic metamorphic rock, typically a medium-grained, garnet-oligoclase-mica-quartz gneiss, and locally an intense foliated gneiss or schist with an apparent thickness of 15,000 feet.
Groundwater Flow Direction*	Groundwater flow is anticipated to generally follow the surface topographic gradients. According to the EDR Radius Map™ Report with GeoCheck®, elevations to the north and west of the site are slightly higher and elevations to the south and east are slightly lower.

* It should be noted that the actual groundwater flow direction is often influenced by factors such as soil and bedrock geology, groundwater wells, and other factors beyond the scope of this study.

2.4 Subject Site and Vicinity Characteristics

The site is situated in northwest quadrant of Washington, DC and is surrounded by a mixture of commercial and residential parcels.

2.5 Description of Subject Site Structures and Improvements

The site is improved with a partial two-story commercial structure. The following table summarizes the construction details for the structures:

Age	Circa 1923
Current Use	Retail furniture store and dance studio.
Prior Use	Theatre, storage and moving company, and civic center.
Building Height	Partial two-story.
Building Sq. Ft.	Estimated 26,000 total square feet.
Construction	CMU/brick.
Façade	Painted CMU.
Roofing	Sloped metal and flat, suspected rubber membrane.
Flooring	Vinyl floor tile, ceramic tile, low-pile commercial carpet, wood, rubber mat, and bare concrete.
Interior Walls	Painted CMU/brick and drywall.
Ceiling	Painted trusses and drywall.
Lighting	Predominantly fluorescent.
Heating and Cooling	Apparent electric furnace and air conditioner.
Tenants	Jerusalem Furniture and The Dance Loft on 14.

2.6 Current Uses of Subject Site

The site is currently utilized as a retail furniture store and a dance studio.

3.0 HISTORICAL USE INFORMATION

3.1 Historical Background

A summary of historical information obtained for the subject site is included in the following sections.

Historical Record Sources Summary		
Historical Records Source	Record Source	Dates of Record Sources Reviewed
Section 3.1.1 City Directories	Appendix C – The EDR-City Directory Abstract	1922 – 2017
Section 3.1.2 Aerial Photographs	Historicaerials.com	1957 – 2015
Section 3.1.3 Fire Insurance Maps	Appendix D - Certified Sanborn® Map Report	1916 – 1998

3.1.1 City Directories

Year	City Directory Listing
1922	The site address of 4816 14 th Street NW is not listed. The surrounding addresses consist of a mixture of commercial and residential listings.
1926	The site addresses is listed as Park Theatre. The surrounding addresses consist of a mixture of commercial and residential listings.
1931	The site addresses is listed as 14 th Street Market and Fried Rice Miniature Golf. The surrounding addresses consist of a mixture of commercial and residential listings.
1936	The site address is listed as Acme Moving & Storage Company, Howard Jos C. Bowling Alley, and Shapiro Foreign & Domestic Express. The surrounding addresses consist of a mixture of commercial and residential listings.
1940, 1943, 1948, 1954 & 1960	The site address is listed as Nation Capitol/Acme Moving & Storage Company. The surrounding addresses consist of a mixture of commercial and residential listings.
1964	The site address is listed as “vacant.” The surrounding addresses consist of a mixture of commercial and residential listings.
1969	The site address is not listed. The surrounding addresses consist of a mixture of commercial and residential listings.
1978 & 1983	The site address is listed as DBI DC Civic Center and National Village Project. The surrounding addresses consist of a mixture of commercial and residential listings.
1993	The site address is listed as DC Civic Center and Value Thrift. The surrounding addresses consist of a mixture of commercial and residential listings.
1994	The site address is not listed. The surrounding addresses consist of a mixture of commercial and residential listings.
1999 & 2000	The site address is listed as Capital Tae Kwon Do Academy and Value Furniture. The surrounding addresses consist of a mixture of commercial and residential listings.
2004, 2006, 2009, 2014 & 2017	The site address is listed as Value Furniture & Mattress. The surrounding addresses consist of a mixture of commercial and residential listings.

3.1.2 Aerial Photographs

Year	Aerial Photograph Description
1957, 1963, 1964, 1970, 1979, 1981, 1982, 1980, 1981, 1989, 1994, 2002, 2005, 2006, 2007, 2009, 2011, 2013 & 2015	The site appears developed with the existing site structure. The site and the surrounding vicinity generally appear similar to current conditions.

3.1.3 Sanborn® Fire Insurance Maps

Year	Sanborn® Fire Insurance Map Description
1916	The site is not depicted. The only parcels depicted that adjoin the site are residential dwellings located along Buchanan Street NW.
1927	The eastern portion of the site structure is depicted as a movie theater. Several commercial structures are depicted to the north and south along 14 th Street NW and several residential dwellings are depicted on the parcels to the north, south, and west along Crittenden Street NW, Buchanan Street NW, and 15 th Street NW respectively. Across 14 th Street NW, the Washington Rapid Transit Company – Bus Station is depicted.
1960	The site is depicted as developed with what appears to be the current site structure and is labeled as a Furniture Store and C&P Telephone Company. No significant changes to the adjoining parcels are depicted
1977, 1985, 1989, 1990, 1992, 1995 & 1998	The site is no longer labeled as C&P Telephone Company, but no other significant changes to the site or immediate surrounding vicinity appear to be depicted.

3.2 Historically Significant or Environmental Findings

There were no RECs identified for the site during the historical review.

4.0 RECORDS REVIEW

4.1 Database Summary

A computerized search of federal and state environmental databases was compiled by Environmental Data Resources, Inc. (EDR) on March 1, 2021 (Inquiry No. 6386281.2s). EDR compiled the search of federal and state databases that included records of hazardous waste permits and activities, compliance histories and documented on-site contamination within the specified radius. This report was designed to assist parties seeking to meet the search requirements of the EPA’s Standards and Practices for All Appropriate Inquiries (40 CFR Part 312), the *ASTM Standard Practice for Environmental Site Assessments E1527-13*, or custom requirements developed for the evaluation of environmental risk associated with a parcel of real estate.

The following table summarizes the properties identified in the *EDR Radius Report*. If the subject site was identified on the EDR database report, then the “Yes” column is marked and is further discussed in the following subsections. Likewise, if a neighboring, adjoining, or adjacent property is identified on the database report, the environmental threat potential to the site is assessed and noted in the “Yes” column. Databases searched by EDR which did not contain listings for any properties within the search radii are not included in the following tables but are listed in the *EDR Radius Report*. Only those properties that have the assessed potential to environmentally threaten or pose an environmental impact to the site will be further summarized in the following subsections, if any such properties are identified. The *EDR Radius Report* database report is attached in **Appendix E**.

Database	ASTM Search Radius (mile)	Total Number of Listings	Subject Site Identified?	Adjoining or Nearby Property Identified?	Environmental Threat or Concern Posed to Site?
RCRA-SQG	0.25	1	No	Adjoining	No
RCRA-VSQG	0.25	1	No	No	No
DC LUST	0.50	15	No	Adjoining	See Discussion Below.
DC UST	0.25	13	Yes	Adjoining	See Discussion Below.
DC Brownfields	0.50	2	No	No	No
US Brownfields	0.50	1	No	No	No
DC HIST UST	0.25	6	No	Nearby	See Discussion Below.
RCRA-NonGen/NLR	0.25	5	No	Nearby	No
PA Manifest	0.25	2	No	Adjoining	No

DC Leaking Underground Storage Tank (LUST) database – Information on LUSTs in the District of Columbia is maintained by the Department of Energy & Environmental (DOEE). The DOEE LUST database was compiled by EDR. According to the *EDR Radius Map™ Report*, the site was not identified on the LUST database. A total of 15 properties were listed within a 0.50-mile radius of the

site; however, of these 15 properties, only two (2) properties were identified within the immediate vicinity of the site. The neighboring property is discussed as follows:

Site Name:	WMATA (Lust #89018)
EDR Report Page No(s):	Page 18 of the Map Findings section.
Other Databases:	DC UST, RCRA-SQG, and PA Manifest.
Status:	Closed.
Address:	4615 14 th Street NW, Washington, DC 20011.
Distance:	Adjoining across 14 th Street NW.
Direction:	East.
Topographic Relation:	Slightly down gradient.
Comments:	The WMATA property was identified as a historical LUST case property. The listing for this property referenced a single case which was issued LUST #89018. The release reported on February 3, 1989, involved the contamination of soil and groundwater with gasoline, diesel, and/or waste oil, and has been issued an inactive or closed status. No other environmentally significant information is provided. Due to the proximity to the site, the presence of this eastern adjoining LUST facility is not considered a BER.

Site Name:	Verizon Global EH&S Compliance (Lust #2015001 & 90025)
EDR Report Page No(s):	Page 47 of the Map Findings section.
Other Databases:	DC UST & RCRA NonGen/NLR.
Status:	Closed.
Address:	1350 Buchanan Street NW, Washington, DC 20011.
Distance:	Approximately 325 feet.
Direction:	Southeast.
Topographic Relation:	Slightly down gradient.
Comments:	The Verizon Global EH&S Compliance property was identified as a historical LUST case property. The listing for this property referenced two (2) cases which were issued LUST #90025 and #2015001. The first case was reported on December 29, 1989, involved the contamination of soil with waste oil, and has been issued an inactive or closed status. The second case was reported on September 3, 2014, involved the contamination of soil with gasoline and heating oil, and has been issued an inactive or closed status. No other environmentally significant information is provided. Due to the proximity to the site, the presence of this southeastern neighboring LUST facility is not considered a BER.

DC Underground Storage Tank (DC UST) and DC Historical UST (DC HIST UST) databases –

The DC UST and DC HIST UST databases list facilities with registered USTs and are maintained by the District of Columbia DOEE. According to the *EDR Radius Map*, the DC UST database identified the site as C&P Telephone Company. In addition to the site, the DC UST/DC HIST UST databases listed a total of 19 entries within the researched radius; however, only four (4) of these listed facilities was determined to be within the immediate vicinity of the site and is discussed as follows:

Site Name:	C&P Telephone Company
EDR Report Page	Pages 7 of the Map Findings section.
Other Databases:	None.
Address:	4618 14 th Street NW, Washington, DC 20011.
Distance:	Target property.
Comments:	<p>The site, C&P Telephone Company, is listed in the <i>EDR Radius Map Report</i> as having a single UST which is as follows:</p> <p>Tank 1 – 2,000-gallon gasoline UST that is permanently out of use.</p> <p>No additional information regarding the site’s UST listing is available in the <i>EDR Radius Map Report</i>; however, the site was not listed on the LUST database as having an associated reported release. The identification of the site as a DC UST facility is considered a BER.</p>

Site Name:	C. H. Kay Realty, Inc.
EDR Report Page	Page 7 of the Map Findings section.
Other Databases:	None.
Address:	4614 14 th Street NW, Washington, DC 20011.
Distance:	Adjoining
Direction:	East
Topographic Relation:	Cross gradient.
Comments:	<p>The eastern adjoining C. H. Kay Realty, Inc. property is listed in the <i>EDR Radius Map Report</i> as having a single UST which is as follows:</p> <p>Tank 1 – 4,000-gallon gasoline UST that is permanently out of use.</p> <p>No additional information regarding the neighboring UST listing is available in the <i>EDR Radius Map Report</i>. This facility was not identified as a DC LUST property with an associated release reported. Due to the proximity and topographic relationship to the site, the presence of this eastern adjoining and cross gradient UST facility is considered a BER.</p>

Site Name:	WMATA Northern Garage
EDR Report Page	Page 43 & 44 of the Map Findings section.
Other Databases:	DC LUST, RCRA-SQG, and PA Manifest.
Address:	4615 14 th Street NW, Washington, DC 20011.
Distance:	Adjoining across 14 th Street NW.
Direction:	East.
Topographic Relation:	Slightly down gradient.
Comments:	<p>The WMATA Northern Garage property is listed in the <i>EDR Radius Map Report</i> as having eight (8) USTs which are as follows:</p> <p>Tank 1 – 20,000-gallon diesel UST that is currently in use. Tank 2 – 20,000-gallon diesel UST that is currently in use. Tank 3 – 20,000-gallon diesel UST that is currently in use. Tank 4 – 8,000-gallon hazardous substance UST that is currently in use. Tank 5 – 4,000-gallon hazardous substance UST that is permanently out of use. Tank 6 – 4,000-gallon waste/used oil UST that is permanently out of use. Tank 7 – 6,000-gallon diesel UST that is currently in use. Tank 8 – 4,000-gallon waste/used oil UST that is permanently out of use.</p> <p>No additional information regarding the adjoining UST listing is available in the <i>EDR Radius Map Report</i>. This facility was listed on the LUST database as having an associated reported release. Due to the proximity, the presence of this eastern adjoining UST facility is considered a BER.</p>

Site Name:	Benedictine Foundation
EDR Report Page	Page 44 & 45 of the Map Findings section.
Other Databases:	None.
Address:	4601 14 th Street NE, Washington, DC 20011.
Distance:	Approximately 205 feet.
Direction:	southeast.
Topographic Relation:	Down gradient
Comments:	<p>The Benedictine Foundation property is listed in the <i>EDR Radius Map Report</i> as having a single UST which is as follows:</p> <p>Tank 1 – 10,000-gallon heating oil UST that has an unreported status.</p> <p>No additional information regarding the neighboring UST listing is available in the <i>EDR Radius Map Report</i>. This facility was not listed on the LUST database as having an associated reported release. Due to the fact that the site vicinity is served via municipal water and sewer, the proximity to the site, and lack of reported contamination, the presence of this east-southeastern neighboring UST facility is not considered a significant environmental concern to the site.</p>

Site Name:	C&P Telephone of Washington
EDR Report Page	Page 46 of the Map Findings section.
Other Databases:	DC LUST & RCRA NonGen/NLR.
Address:	1350 Buchanan Street NW, Washington, DC 20011.
Distance:	Approximately 325 feet.
Direction:	Southeast.
Topographic Relation:	Slightly down gradient.
Comments:	<p>The C&P Telephone of Washington property is listed in the <i>EDR Radius Map Report</i> as having four (4) USTs which are as follows:</p> <p>Tank 1 – 4,000-gallon gasoline UST that permanently out of use. Tank 2 – 550-gallon waste/used oil UST that is permanently out of use. Tank 3 – 550-gallon waste/used oil UST that is permanently out of use. Tank 4 – 550-gallon hazardous substance UST that is permanently out of use.</p> <p>No additional information regarding the neighboring UST listing is available in the <i>EDR Radius Map Report</i>. This facility was listed on the LUST database as having two (2) associated reported releases. Due to the fact that the site vicinity is served via municipal water and sewer, the proximity to the site, and topographic relationship to the site, the presence of this southeastern neighboring UST facility is not considered a significant environmental concern to the site.</p>

4.1.2 Orphan Summary

The *EDR Radius Map Report* contains regulatory file listings for orphan locations that were not mapped due to an inadequate physical address or accurate mapping information. According to the database report, EDR identified twelve (12) orphan listings; however, these listings do not appear to present a significant environmental concern to the site.

5.0 LOCAL AGENCY RECORDS

Freedom of Information Act (FOIA) requests were sent to the District of Columbia Department of Energy and Environment and the Fire and Emergency Medical Services Department concerning the environmental regulatory status of the site. At the time of the writing of this report, responses from the District of Columbia Department of Energy and Environment and Fire and Emergency Medical Services Department have not been received. Any pertinent information received will be forward as an addendum to this report. This FOIA request and available response is included in **Appendix F**.

6.0 ON-SITE OBSERVATIONS

6.1 Methodology and Limiting Conditions

Access to the site was not restricted and there were no significant limiting conditions that affected the completeness of site reconnaissance activities. The objective of the site observations and reconnaissance was to obtain information indicating the likelihood of identifying RECs in connection with the site. As part of the site reconnaissance activities, DMY obtained digital photographs to document current on-site conditions and use. These photographs are included in this report as **Appendix A**.

Date of Reconnaissance	March 1, 2021.
Field Personnel	Mr. Brandon Colunga of DMY.
Weather Conditions	Cloudy with temperatures in the mid-40s.
Site/Owner Representatives	A representative for the site owner was not made available to DMY personnel during the March 1, 2021 site reconnaissance.
Observation Procedures	The site reconnaissance was conducted by inspecting the site from private and public property. In addition, adjacent and adjoining properties were visually inspected where possible from public property and/or access easements.

The following sections identify uses and current conditions observed on the site consistent with the ASTM Standard E1527-13, Section 9.0 *Site Reconnaissance*, Subsection 9.4 *Uses and Conditions*. The environmental professional conducting the site reconnaissance is obligated to note the uses and conditions specified in the ASTM standard to the extent visually and/or physically observed, or obtained through interviews with knowledgeable parties during the site visit. For each use or condition identified at the site, a detailed explanation discussing the significance of the recognized environmental condition or level of environmental threat to the site is given as follows.

6.2 Site Operations, Processes, and Equipment

Condition or Use	Observed?	Comments
Emergency generators	No	
Air compressors	No	
Hydraulic lifts	No	
Dry cleaning	No	
Photo processing	No	
Laboratory hoods and/or incinerators	No	
Waste treatment systems and/or water treatment systems	No	

Condition or Use	Observed?	Comments
Heating and/or cooling systems	No	The site structure reportedly utilizes electric air conditioners, which may contain ozone-depleting substances. The air conditioning equipment may contain chlorofluorocarbons (CFCs) in the form of Freon or hydro chlorofluorocarbons (HCFC)-containing refrigerants such as R-22 or R-410A. Refrigerants are subject to U.S. EPA Clean Air Act Regulations 40 CFR Part 82 and require installation, maintenance, and disposal by a certified contractor. No environmental concerns were visibly apparent. There was no observed evidence of a current or former heating oil furnace or associated storage tank.
Other processes or equipment	No	

6.3 Aboveground Chemical or Waste Storage

Condition or Use	Observed?	Comments
Aboveground storage tanks	No	
Drums and/or barrels	No	
Containers greater than five gallons in capacity	No	
Material Safety Data Sheets	No	
Parts washer	No	
Other	No	Small quantities of various chemical storage containers were observed in a maintenance closet within the site structure. The observed chemicals included various paints, disinfectants, solvents, and degreasers. Generally, all of the containers are neatly organized, apparently contained their labeled contents, did not appear to be leaking, and did not show evidence of spilling.

6.4 Underground Chemical or Waste Storage, Drainage, or Collection Systems

Condition or Use	Observed?	Comments
Underground storage tanks or ancillary UST equipment	No	
Sumps, cisterns, catch basins and/or dry wells	No	
Grease traps	No	
Septic tanks and/or leach fields	No	
Oil/water separators	No	
Pipeline markers	No	

Condition or Use	Observed?	Comments
Interior floor drains	No	
Other	No	

6.5 Electrical Transformers / PCB Equipment

Condition or Use	Observed?	Comments
Pad- or pole-mounted transformers and/or capacitors	No	
Other Equipment	No	

6.6 Releases or Potential Releases

Condition or Use	Observed?	Comments
Stressed vegetation	No	
Stained soil	No	
Stained pavement or similar surface	No	
Leachate and/or waste seeps	No	
Trash, debris and/or other waste materials	No	
Dumping or disposal areas	No	
Construction/demolition debris and/or dumped fill dirt	No	
Surface water discoloration, odor, sheen, and/or free floating product	No	
Strong, pungent or noxious odors	No	
Exterior pipe discharges and/or other effluent discharges	No	
Other	No	

6.7 Other Notable Site Features

Condition or Use	Observed?	Comments
Surface water bodies	No	
Quarries or pits	No	
Wells	No	
Storm water	No	
Other site features	No	

7.0 INTERVIEWS

7.1 Interview with Site Owner

The current site owner was not made available during this assessment. An ESA User Questionnaire was submitted to Mr. Mark James; however, DMY had not received the completed questionnaire at the time of this report.

7.2 Interview with Occupants

The available site occupants were not able to provide any information regarding any potential environmental concerns at the site. The sales associated of Jerusalem Furniture has only been associated with the site for approximately five (5) months and was not aware of any ASTs, USTs, or other environmental concerns. A representative for The Dance Loft on 14 was not available during the site reconnaissance activities.

7.3 Interviews with Local Government Officials

As stated previously in Section 5.0, a FOIA request was submitted to the District of Columbia Department of Energy and Environment and the Fire and Emergency Medical Services Department concerning the environmental regulatory status of the site. Refer to that section for details.

8.0 OFF-SITE RECONNAISSANCE

8.1 Current Uses of Adjoining Properties

Current land uses of the properties that are immediately adjoining and adjacent to the subject site are summarized on the following table. Findings of the cursory observations are summarized on the second table as follows.

Site Vicinity Observations

Direction	Boundary Feature	Topographic Relation	Environmental Concerns
North	The site is adjoined by several apparent commercial parcels located along 14 th Street NW with a mixture of commercial and residential parcels located beyond.	Slightly Up Gradient	None Observed.
East	The site is partial adjoined by several small commercial parcels as well as being bound by 14 th Street NW. Across the 14 th Street NW, the site is additionally adjoined the WMATA Northern Garage parcels with apparent residential parcels located beyond.	Down Gradient	DC LUST and DC UST Properties.
South	The site is adjoined by several apparent commercial parcels located along 14 th Street NW with a mixture of commercial and residential parcels located beyond.	Slightly Down Gradient	None Observed.
West	The site is adjoined by apparent residential parcels located along 15 th Street NW. Additional residential parcels are located beyond.	Up Gradient	None Observed.

The following table summarizes uses and current conditions observed on the adjoining and neighboring properties identified in the above table consistent with the ASTM Standard E1527-1, Section 9.0 Site Reconnaissance, Subsection 9.4.1.3 Uses and Conditions of Adjoining Properties. For each use or condition identified for adjoining properties, a detailed explanation discussing the significance of the recognized environmental condition or level of environmental threat to the site is given.

Condition or Use	Observed?	Comments
Pits, Ponds, or Lagoons	No	
Railroad Lines or Spurs	No	
Septic System	No	
Heavy Equipment	No	
Drums or Storage Containers	No	

Condition or Use	Observed?	Comments
Odors	No	
Landfills or Dumping Activities	No	
Waste Water Discharge	No	
USTs/ASTs Systems and Piping	No	
PCB-Containing Equipment and Transformers	No	
Industrial/Manufacturing Activities	No	
Hydraulic Lifts or Equipment	No	
Wells	No	
Remedial Activities	No	
Stained Soils or Pavement	No	
Leachate or Seeps	No	
Stressed Vegetation	No	
Chemical Spills or Releases	No	
Surface Water Contamination	No	
Oil/Gas Exploration or Refinery Operations	No	
Farm Waste Concerns	No	
Pesticides or Herbicides	No	
Contaminate Migration	No	
Vapor Migration	No	
Regulated Substances	No	
Other Environmental Concerns	No	

9.0 ADDITIONAL PROJECT INFORMATION

No additional project information was available.

10.0 PRODUCT INFORMATION

10.1 Purpose

The purpose of this Phase I ESA was to identify RECs at the site with respect to the range of contaminants within the scope of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) and petroleum products. Therefore, as defined in *ASTM Practice E1527-13, Standard Practice for Environmental Site Assessments: Phase I Environmental Site Assessment Process*:

“this practice is intended to permit a *user* to satisfy one of the requirements to qualify for the *innocent landowner, contiguous property owner, or bona fide prospective purchaser* limitations on CERCLA liability (hereinafter, the *landowner liability protections, or LLPS*) that is, the practice that constitutes “all appropriate inquiry into the previous ownership and uses of the property consistent with good commercial or customary practice” as defined in 42 USC §9601(35) (B).

As further identified in ASTM Practice E1527-13, the goal of the Phase I ESA is to identify RECs, which means:

“the presence or likely presence of any *hazardous substances or petroleum products* in, on, or at a *property*: (1) due to any *release* to the environment; (2) under conditions indicative of a *release* to the environment; or (3) under conditions that pose a *material threat* of a future *release* to the environment. *De minimis* conditions are not *recognized environmental conditions*.”

10.2 Scope of Services

DMY performed the Phase I ESA in accordance with the scope and limitations of *ASTM Practice E1527-13, Standard Practice for Environmental Site Assessments: Phase I Environmental Site Assessment Process*, unless otherwise described within this report.

As outlined in ASTM Practice E1527-13, DMY reviewed reasonably ascertainable and practically reviewable *Standard and Additional Environmental Record Sources* provided by EDR, *Physical Setting Sources*, which included a United States Geological Survey (USGS) geologic map. In addition, DMY reviewed *Standard Historical Sources*, which included city directories and fire insurance maps and information obtained from state and federal agencies, as available.

DMY performed site reconnaissance activities and obtained digital photographs to document current site conditions and to identify potential RECs. This Phase I ESA report documents the findings of our investigations and has been prepared in accordance with the provisions of ASTM Practice E1527-13.

Our scope of services did not include testing for non-ASTM scope considerations including asbestos-containing materials, lead-based paint, and mold or assessing or testing for the potential presence of radon, lead in drinking water, petroleum, or chemicals in soil or groundwater. Our scope of services did not include determining the regulatory compliance of the site, the presence of cultural or historic resources, evaluating industrial hygiene, health and safety issues, indoor air quality, or biological agents.

10.3 Significant Assumptions

It is assumed that DMY could adequately inspect the site in general accordance with ASTM Practice E1527-13. DMY did not enter adjoining or adjacent properties, but was able to visually observe adjoining and adjacent properties from the site and/or public roads. It is assumed that adjoining land uses were consistent with the activities that could be readily observed from the site and/or public roads.

10.4 Limitations and Exceptions

This report has been prepared by DMY for the exclusive use of Institute of Urban Living, Inc., their successors and assigns, as a Phase I ESA report for the 16th Street Heights Proposed Apartment Building located in Washington, DC 20011. The opinions and conclusions expressed in this report are based upon the results of our Phase I ESA work tasks.

For the purposes of this Phase I ESA, the terms “subject site” and “site” refer to the land within the subject site boundaries. The term “general site vicinity” typically refers to properties within a one-mile radius of the site. The term “adjoining properties” refers to land contiguous to the site. The term “immediate site vicinity” or “neighboring properties” refers to land proximal to the site.

It is important to note that environmental evaluations are inherently limited in the sense that conclusions are drawn and opinions developed, in part, from information obtained from our limited research and visual observations. For these types of evaluations, it is often necessary to utilize information prepared by others and as such, DMY cannot be responsible for the accuracy of such information and we do not assume responsibility for conditions that were not divulged to us during

the preparation of this report. It is also important to note that the preparation of this report does not mean that an all exhaustive assessment was performed. DMY's evaluation of the subject site was limited to the budgetary constraints, time constraints, and the agreed upon scope of services as outlined in our proposal.

Our observations are based upon conditions visually apparent at the site at the time of our visit and are not intended to address specific subsurface soil and groundwater conditions, which can only be assessed by performing a detailed subsurface sampling program. The contents of this report should not be construed in any way to indicate DMY's recommendations to purchase, sell, or develop the project site.

DMY, by virtue of providing the services described in this report, does not assume the responsibility of the person(s) in charge of the site, or otherwise undertake responsibility for reporting to any local, state, or federal public agencies any conditions at the site that may present a potential danger to public health, safety, or the environment. In areas that require notification of local, state, or federal public agencies as required by law, it is the User's responsibility to so notify.

It should also be noted that our assessment is considered to be valid only at the time and locations investigated and that conditions within the site may vary with time. The nature and extent of these variations may only become evident during the course of future investigations or development. This report was not and is not intended to establish the compliance status of the subject site with federal, state, or local environmental regulations. We have performed our services in general accordance with ASTM Practice E1527-13 for conducting a Phase I ESA and make no other warranty, either expressed or implied, as to the professional services and advice contained herein.

10.5 Special Terms and Conditions

There were no special terms and conditions in place with regard to the findings, conclusions, or our expressed opinion regarding recognized environmental conditions potentially associated with the site.

10.6 User Reliance

DMY performed the Phase I ESA work tasks in general accordance with ASTM Practice E1527-13, unless otherwise noted in this report. As such, the user may rely upon the findings and recommendations of the Phase I ESA report, subject to the scope of services, significant assumptions, limitations and exceptions, and special terms and conditions as described in the Phase

I ESA report. DMY emphasizes that this Phase I ESA does not guarantee that unobserved conditions, undocumented incidents, or information withheld concerning environmental conditions at the site will not affect the level of environmental risk or potential liability at the site.

10.7 Deviations

DMY has performed this Phase I ESA at the subject site in general conformance with the scope and limitations of ASTM Practice E1527-13.

10.8 Data Gaps

The accuracy and completeness of this report may be limited by the following:

- **Access Limitations** – There were no significant access limitation were encountered during this assessment.
- **Physical Obstructions to Observations** – There were no significant physical obstructions to observations encountered during this assessment.
- **Outstanding Information Requests** – A response to FOIA request has not been received from the District of Columbia Department of Energy and Environment or the Fire and Emergency Medical Services Department.
- **Historical Data Source Failure** – Historical data sources were available for the site dating back to 1916
- **Other** – There were no other data gaps.

It should be noted that this assessment did not include a complete audit of operational environmental compliance issues, or of any environmental management systems (EMS) that may exist for the site facility. Where required, the documents listed in the attachments were used as reference material for the completion of the Phase I ESA. Some of the information presented in this report was provided through existing documents and interviews. Although attempts were made whenever possible to obtain a minimum of two confirmatory sources of information, DMY in certain instances has been required to assume that the information provided is accurate.

The information and conclusions contained in this report are based upon work undertaken by trained professional and technical staff in accordance with generally accepted engineering and scientific practices current at the time the work was performed. The conclusions and recommendations presented represent the best judgment of DMY based on the data obtained from the work. Due to the nature of investigation and the limited data available, DMY cannot warrant against undiscovered

environmental liabilities. Conclusions presented in this report should not be construed as legal advice.

Should additional information become available, which differs significantly from our understanding of conditions presented in this report, we request that this information be brought to our attention so that we may reassess the conclusions provided herein.

10.9 Reliance

This report was prepared in confidence at the request and for the sole use of Institute of Urban Living, Inc., their successors and assigns, and the contents hereof may not be used or relied upon by any other party without the express written consent of DMY Capitol, LLC. Any use or reliance by a third party shall be at that party's sole risk.

11.0 USER PROVIDED INFORMATION

11.1 Specialized Knowledge

The User did not provide DMY with any specialized knowledge about the site. DMY did not have any specialized knowledge regarding the history and/or use of the site that would exceed what might typically be expected to be available to an environmental professional performing an ESA.

11.2 Valuation Reduction for Environmental Issues

DMY is unaware of any reduction in the value of the site property due to the actual or perceived environmental issues. *ASTM Practice E1527-13, Standard Practice for Environmental Site Assessments: Phase I Environmental Site Assessment Process*, “does not require that a real estate appraisal be obtained in order to ascertain fair market value of the property.”

11.3 Commonly Known or Reasonably Ascertainable Information

Institute of Urban Living, Inc., the user, is unaware of any reasonable ascertainable information within the local community about the property that is material to RECs in connection with the site.

11.4 Owner, Property Manager, and Occupant Information

According to the DC Office of Tax and Revenue, the site is owned by the Raymar Corporation. The site is currently occupied as furniture retail store and a dance studio.

11.5 Reason for Performing Phase I ESA

The Phase I ESA was performed as a part of a pending real estate transaction.

11.6 Title Records

A Title Records search was not provided to or obtained by DMY.

11.7 Historical Documentation Review

DMY was not provided any historical documentation.

EXECUTIVE SUMMARY

DESCRIPTION

Environmental Data Resources, Inc.'s (EDR) City Directory Abstract is a screening tool designed to assist environmental professionals in evaluating potential liability on a target property resulting from past activities. EDR's City Directory Abstract includes a search and abstract of available city directory data. For each address, the directory lists the name of the corresponding occupant at five year intervals.

Business directories including city, cross reference and telephone directories were reviewed, if available, at approximately five year intervals for the years spanning 1922 through 2017. This report compiles information gathered in this review by geocoding the latitude and longitude of properties identified and gathering information about properties within 332 feet of the target property.

A summary of the information obtained is provided in the text of this report.

RECORD SOURCES

EDR's Digital Archive combines historical directory listings from sources such as Cole Information and Dun & Bradstreet. These standard sources of property information complement and enhance each other to provide a more comprehensive report.

EDR is licensed to reproduce certain City Directory works by the copyright holders of those works. The purchaser of this EDR City Directory Report may include it in report(s) delivered to a customer.
