On January 14, 2022, the Zoning Commission (the “Commission”) received an application from WCP 1207 H Street, LLC (the “Applicant”) requesting approval of a Zoning Map amendment (the “Application”) for property located at 1207 H Street, N.E., comprised of Lot 342 in Square 1004 (the “Property”). The Office of Planning submitted its report in support of setting the application down for a public hearing on March 18, 2022. On March 31, 2022, the Commission voted to set down the application for a public hearing as a contested case. On April 8, 2022, the Applicant submitted a letter requesting a public hearing.

The Property consists of approximately 33,435 square feet of land area and is located on the H Street corridor in the Northeast quadrant of D.C. in Ward 6. The Property is bounded by H Street to the north, 12th Street to the west, a public alley to the south, and private property to the east. The Property is currently located in the NC-14 zone. The Property is located in the Mixed-Use: Medium Density Residential and Medium-Density Commercial land use category on the Future Land Use Map of the District of Columbia Comprehensive Plan.

The Applicant seeks to rezone the Property to the NC-15 zone, which is consistent with the Comprehensive Plan’s Future Land Use Map designation. Under NC-15 zoning, a mixed-use or residential project on the Property would be permitted a height of 70 feet and a floor area ratio (“FAR”) of 4.8. With the map amendment to the NC-15 zone, the Applicant intends to redevelop the Property, which is currently improved with a one-story AutoZone retail establishment and large surface parking lot, with a mixed-use project that would be subject to enhanced Inclusionary Zoning (“IZ+”) pursuant to the Application. Under the IZ+ requirements, any future development would be required to set aside up to 20% of its residential floor area as affordable.
