Hi,

Please let me take a couple of minutes of your time to express my opposition to the proposals for new buildings on 807 and 899 Maine Ave SW. The new buildings would almost certainly make the traffic and parking situations worse than they already are. Other concerns are more shadow due to taller buildings and the construction impact on the environs (including a school).

The relevant case numbers are 22-11 and 22-06.

There's a petition going with regards to this here:

<https://www.change.org/p/community-members-against-the-899-maine-ave-sw-and-807-maine-ave-sw-projects>

Could you please reassess the projects in light of all of this?

Best Regards,
