

Support for Case Number 22-11

To the DC Zoning Commissioners,

Please note my strong support for the current PUD application at 807 Maine Ave SW. I live only 4 blocks away from the property in the SW neighborhood. As a District and neighborhood resident, believe this proposal will bring much needed housing to the area. I have been following the public debate about this PUD application, and it is disheartening to see some in my neighborhood opposing a project for its height, even though this building will be lower, if not in context, with many of the residential buildings throughout the neighborhood at large.

The Zoning Commission should also be aware that voices of opposition are often the loudest, and are generally the folks that even show up at many public hearings. There are many voices in favor of this type of reasonable development that are not being heard.

Thank you for your consideration.

Sincerely,
