

11/27/22

As a resident of North Michigan Park, my home - 4961 8th St. NE, Washington DC is located within 200 feet of the McDonalds located on South Dakota Avenue, NE. I am writing to oppose the request to change the zoning map to build a drive through at McDonalds. A drive through will only increase traffic in this area, will increase noise in the neighborhood, and open the door for further undesired development in this part of South Dakota Ave.

Sincerely,

Carolyn Curtis
