Hello - I am a Ward 2 resident, at 17th and U St NW, and I am emailing to express my support of development at 1617 U St NW.

I believe more density in DC, especially in this particular neighborhood, would bring more vibrancy and provide a larger pool of customers for local businesses. I love the premise of additional affordable housing in particular and hope that housing will include multi-room units to support families with children. I understand there is the possibility that the space could include a new library - yes please! This neighborhood could absolutely sustain a library, considering the distance of Watha T. Daniel and Mt. Pleasant libraries.

Please do not let the NIMBY attitudes of some overrule the need for more efficient use of this site on U St NW. Best of luck in your work to develop it.

Best,  
Chyanne
