

**RELEVANT PORTION OF THE 2013 COMPREHENSIVE PLAN
GENERALIZED POLICY MAP**

 **Neighborhood Enhancement Areas**

Neighborhoods with substantial amounts of vacant residentially zoned land. They are primarily residential in character. Many of these areas are characterized by a patchwork of existing homes and individual vacant lots, some privately owned and others owned by the public sector or non-profit developers. These areas present opportunities for compatible small-scale infill development including new single family homes, town homes, and other density types of housing. Land uses that reflect the historical mixture and diversity of each community should be encouraged.

The guiding philosophy in Neighborhood Enhancement Areas is to ensure that new development “fits in” and responds to the existing character, natural features, and existing/planned infrastructure capacity. New housing should be encouraged to improve the neighborhood and must be consistent with the land use designation on the Future Land Use Map. The unique and special qualities of each area should be maintained and conserved, and overall neighborhood character should be protected as development takes place. Publicly-owned open space within these areas should be preserved and enhanced to make these communities more attractive and desirable.
