

Jason Klem, Assoc. AIA, LEED Green Assoc.
Associate

Design Director

Jason is one of the most sought-after base building designers in our DC office.

Jason has experience working in a range of scales—from crafting kitchen cabinets to planning large-scale campuses—and brings a passion for design through creativity and decisiveness to every project.

Shelly Mrstik, AIA, LEED AP BD+C

Design Manager

Design Manager, Architecture

With a vision for project implementation, Shelly makes the organization of her projects clear and obvious for internal and external team members.

In her architectural career, Shelly has focused mainly on block-by-block, downtown improvement, primarily through commercial office and cultural projects.

At Gensler, Shelly is the Associate Leader for the Commercial Office Building Practice for the Southeast Region and has worked specifically in the DC Metro area since 2005.

Her Experience at the Washington Alexandria Architectural Campus (WAAC) exposed her to the craft of design, in the urban environment of Old Town and the District of Columbia.

21 Years of Experience

Joined Gensler 2018

Background

Master of Architecture, Virginia Polytechnic Institute and State University, Alexandria, VA (WAAC)

Bachelor of Science, Architectural Studies; Urban Planning Certificate, University of Wisconsin, Milwaukee, WI

Member, American Institute of Architects (AIA)

LEED Accredited Professional

Registered Architect, Washington, DC (Michelle Biesiadny Mrstik ARC 101159)

JEFF LEE, FASLA

Lee and Associates, Inc. - Principal-in-charge / President

As a founding principal of leeandassociatesinc (LAI), Jeff Lee holds primary responsibilities in all phases of planning and landscape architectural design for the firm. For more than 30 years, Jeff has created context sensitive designs for the public realm, infusing his sustainable and conscious designs with ecological, historical, cultural, social, and geopolitical sensitivities. His international portfolio of work and collaborations generate fresh and innovative design and sustainable infrastructure ideas. His focus on design excellence has been recognized by his peers and institutions and he continues to serve on numerous design committees and award juries for design excellence. Mr. Lee has directed his practice based upon context sensitive designs of the public realm while infusing his sustainable and conscious designs with ecological, historical, cultural, social, and geopolitical sensitivities.
