ZONING COMMISSION FOR THE DISTRICT OF COLUMBIA
NOTICE OF FINAL RULEMAKING
AND
ZONING COMMISSION ORDER NO. 07-25
Z.C. Case No. 07-25
(Map Amendment – 11 DCMR)
(Square 2794, Lots 18, 19, 877, 879, 895, 899, and 2001-2047)
May 12, 2008

The Zoning Commission for the District of Columbia (the “Commission”), pursuant to its authority under § 1 of the Zoning Act of 1938, approved June 20, 1938 (52 Stat. 797, as amended; D.C. Official Code § 6-641.01); having held a public hearing as required by § 3 of the Act (D.C. Official Code § 6-641.03); and having referred the proposed amendments to the National Capital Planning Commission for a 30-day period of review pursuant to § 492 of the District of Columbia Charter; hereby gives notice of the adoption of the following amendments to the Zoning Map included in the Zoning Regulations (Title 11 DCMR).

A Notice of Proposed Rulemaking was published in the *D.C. Register* (“DCR”) on April 4, 2008, at 55 DCR 3501. The Commission took final action to adopt the amendments at a public meeting on May 12, 2008. This final rulemaking is effective upon publication in the *D.C. Register*.

Application, Set Down, and Public Hearing

On September 13, 2007, Scott Whittier, George Maurikes, and Bryan Irving (“Petitioners”) filed a petition to rezone property located in Square 2794, Lots 18, 19, 877, 879, 895, 899, and 2001 through 2047 (“Subject Property”). The petition requested rezoning the Subject Property from R-5-A to the R-5-C Zone District.

The Commission set down the case for a public hearing as a rulemaking case at its November 19, 2007 public meeting.

The Commission held a public hearing on January 28, 2008. George Maurikes testified on behalf of the Petitioners in favor of the rezoning. He further testified the rezoning would not be inconsistent with the District Elements of the Comprehensive Plan for the National Capital (“Comprehensive Plan”). Karrie Braxton, a neighbor residing at 1320 Missouri Avenue, testified in opposition to the rezoning. The Office of Planning (“OP”) testified in support of the map amendments. At the conclusion of the hearing, the Commission ordered the record to remain open to receive a memorandum from the Petitioners explaining why R-5-C zoning was

preferable to R-5-B zoning; and a report from the Office of Planning addressing whether other properties in the immediate area should be rezoned.

Relationship to the Comprehensive Plan

The amendments would not be inconsistent with the Comprehensive Plan, and are consistent with the following elements of the Comprehensive Plan:

- Land Use Element: Policy LU-2.1.3: Conserving, Revitalizing and Enhancing Neighborhoods – Recognize the importance of balancing goals to increase the housing supply and expand neighborhood commerce with parallel goals to protect neighborhood character, preserve historic resources and restore the environment. The overarching goal to “create successful neighborhoods” in all parts of the city requires an emphasis on conservation in some neighborhoods and revitalization in others.

Policy LU-2.1.10: Multi-Family Neighborhoods – Maintain the multi-family residential character of the District’s medium- and high-density areas. Limit the encroachment of large scale, incompatible uses into these areas, and make these areas more attractive, pedestrian-friendly and transit accessible.

Rezoning the Subject Property will make the existing structures conforming and will preserve the apartment house character of the community.

- Housing Element: Policy H-1.1.1: Private Sector Support - Encourage the private sector to provide new housing to meet the needs of present and future District residents at locations consistent with District land use policies and objectives.

Policy H-1.1.3: Balanced Growth - Strongly encourages the development of new housing on surplus, vacant and underutilized land in all parts of the city. Ensure that a sufficient supply of land is planned and zoned to enable the city to meet its long-term housing needs, including the need for low- and moderate-density single family homes as well as the need for higher-density housing.

Rezoning the Subject Property will increase the potential number of residential units in the city and enable limited residential growth on-site, helping the city meet its housing needs.

- Generalized Land Use Map: The Generalized Land Use Map includes the Subject Property in the Medium Density Residential Land Use Category. This land use category is compatible with development in the R-5-C Zone District.

Great Weight Given to ANC Issues and Concerns

The Commission is required under D.C. Official Code § 1-309.10(d)(3)(A) to give great weight to the affected ANC's written recommendation. ANC 4A submitted a statement in support of the petition. The Commission has carefully considered ANC 4A's recommendation for approval, concurs in its recommendation, and has given it the great weight it is entitled.

Proposed Action

The Commission took proposed action at a properly notice public meeting held on March 10, 2008.

Prior to taking Proposed Action, the Commission noted the receipt of three supplemental filings. First, a memorandum from the Petitioners explaining why they believed R-5-C zoning was appropriate. Second, a report from OP stating that it studied the area surrounding the Subject Property and did not recommend any further rezoning. Third, a letter from Karrie Braxton withdrawing her opposition to the petition, and stating that she was now in support.

The Notice of Proposed Rulemaking was published in the *D.C. Register* on April 4, 2008 at 55 DCR 3501, for a 30-day notice and comment period.

The proposed rulemaking was referred to the National Capital Planning Commission ("NCPC") under the terms of § 492 of the District of Columbia Charter. NCPC, through a delegated action dated March 27, 2008, found that the proposed text amendments would not adversely affect the identified federal interests, nor be inconsistent with the Comprehensive Plan for the National Capital.

The Office of the Attorney General has determined that this rulemaking meets its standards of legal sufficiency.

Final Action

At its properly noticed May 12, 2008 public meeting, the Commission took final action to approve the proposed text amendments.

Based on the above, the Commission finds that the proposed amendments to the Zoning Map are in the best interests of the District of Columbia and is consistent with the purpose of the Zoning Regulations and the Zoning Act.

In consideration of the reasons set forth herein, the Zoning Commission hereby **APPROVES** the following amendments to the Zoning Map:
