NOTICE OF INTENT TO FILE A ZONING APPLICATION

**Application to the
District of Columbia Zoning Commission for
Stage 1 and Consolidated Approval of a
Planned Unit Development and Zoning Map Amendment
(McMillan Reservoir Slow Sand Filtration Site Redevelopment)**

Vision McMillan Partners, LLC, on behalf of the District of Columbia Office of the Deputy Mayor for Planning and Economic Development, the owner of the property described below (collectively the "Applicant"), hereby gives notice of its intent to file an application for preliminary review and consolidated approval of a Planned Unit Development ("PUD") and Zoning Map Amendment with the District of Columbia Zoning Commission under Chapter 24 of the District of Columbia Zoning Regulations (11 DCMR § 2400 *et seq.*). The application will be filed with the Zoning Commission not less than ten (10) days from the date of this notice. This notice is given pursuant to section 2406.7 of the Zoning Regulations.

The property that is the subject of this application is the McMillan Reservoir Slow Sand Filtration Site located at 2501 First Street, N.W., Washington, D.C., known as Lot 800 in Square 3128. It is bounded by North Capitol Street on the east, Michigan Avenue on the north, First Street on the west, and Channing Street on the south, all in Northwest Washington. The site has approximately 1,075,355 square feet (24.69 acres) of land and is presently unzoned.

The Applicant proposes to construct a major new mixed-used urban development for the adaptive re-use of the historic McMillan Reservoir Slow Sand Filtration Site. The project will include approximately 1,900,000 square feet of gross floor area, or an aggregate floor area ratio of 1.77. Proposed uses will include approximately 860,000 square feet of gross floor area devoted to commercial and medical office space; approximately 107,750 square feet of gross floor area devoted to retail uses; market-rate and affordable housing with approximately 350,900 square feet of gross floor area developed in the rowhouse form, approximately 438,000 square feet of gross floor area developed as apartments. An estimated 150,000 square feet of gross floor area devoted to apartment use is also planned for a later stage of the development. A major feature of the site is an extensive amount of open space – approximately 445,000 square feet of land area – devoted to recreational programs, parks and open space.

Building heights will range from 40 feet to 90 feet across the majority of the site. The proposed medical office buildings at the northwest corner of the site on Michigan Avenue will rise to a height of 130 feet in relation to the medical hospitals and facilities located immediately across the street to the north. The project will be an architecturally distinct, vibrant, mixed-use development that provides housing, employment, retail, cultural, and recreational opportunities for District residents. It will retain significant portions of the historic McMillan Slow Sand Filtration Plant and incorporate them into the design. The project will include affordable and

workforce housing and 35 percent of the local contracting opportunities will go to Certified Business Enterprises (CBEs). More than half of all new jobs created will be offered to District residents and 20 percent of the development opportunity will be awarded to CBEs.

The Applicant will also seek an amendment to the Zoning Map to rezone the site to the C-3-C, the C-2-C and the R-5-B Districts. This request is consistent with the Comprehensive Plan and the Future Land Use Map, which designates the site for moderate density commercial and medium density residential uses.

The master developer for this proposal is the District of Columbia, acting through the Deputy Mayor's Office for Planning and Economic Development; the developer of the vertical improvements is Vision McMillan Partners, LLC, a team comprised of EYA, Jair Lynch Development Partners, and the Trammell Crow Company; the architect and master planner is EEK, a Perkins Eastman Company; the landscape architect is Nelson Byrd Woltz; the structural engineer is Robert Silman Associates; the civil engineer and surveyor is Bowman Consulting; the traffic and transportation engineer is Gorove/Slade Associates; the historic preservation consultant is EHT Traceries, Inc.; and the land use counsel is Holland & Knight LLP.

Should you need any additional information regarding the proposed PUD and map amendment application, please contact Wayne S. Quin or Carolyn Brown of Holland & Knight LLP at (202) 955-3000.
